SETTLEMENT AGREEMENT BETWEEN OMSL & JOHN H. MULLINS

Come the Complainant, the Kentucky Office of Mine Safety & Licensing ("OMSL"), and Respondent John H. Mullins ("Mullins"), and hereby state that they have agreed to a settlement of the above-styled disciplinary proceeding, according to the following terms:

In consideration for the final resolution of this action against him,¹ and the cancellation of the hearing (as it pertains to him) that is currently scheduled for April 14, 2005, Mullins acknowledges that the evidence is such that the Commission could find that he worked under unsupported mine roof, in violation of KRS 352.201 (1) and 805 KAR 5:030, Section 2 (1), as set forth in paragraph 9 of OMSL's Complaint. Therefore, without admitting the factual basis of the violation, he agrees to the following:

1. The **PROBATION OF HIS CONVENTIONAL SHOT FIRER'S CERTIFICATE (# MN-014-96) AND THE PROBATION OF HIS UNDERGROUND MINER'S**

¹ OMSL and Mullins are filing a joint motion with the Mine Safety Review Commission ("the Commission") to approve the Settlement Agreement and dismiss the action against him.

CERTIFICATE (# _____), EACH FOR A PERIOD OF ONE (1) YEAR, effective _____

upon the signing of this Settlement Agreement by both parties.

2. During this one-year probationary period, Mullins shall comply with all state and federal mine safety laws and regulations. The willful violation by Mullins of any of said laws or regulations may result in OMSL filing a motion with the Mine Safety Review Commission to revoke his conventional shot firer's certificate and/or his underground miner's certificate for the remainder of the probationary period.²

3. Within 45 days of the effective date of this Settlement Agreement, Mullins must take the **EIGHT(8) HOUR SAFETY TRAINING COURSE FOR BLASTERS** given by OMSL at its Martin District office.³

4. Within 120 days of the effective date of this Settlement Agreement, Mullins must re-take and pass the Kentucky blasters' examination administered by OMSL. If Mullins does not pass said examination within the 120-day period, his conventional shot firer's certificate will be automatically suspended until he passes the examination.⁴

5. This Settlement Agreement and any final order issued herein by the Mine Safety Review Commission will be considered by the Commission to constitute a “first offense”, as that term is defined at 805 KAR 8:010, Section 1(5); and any future adjudication against

² If the circumstances warranted, OMSL would also retain the right to file a separate action with the Commission seeking other penalties against Mullins for his actions. In either event, Mullins would have the right to a hearing before the Commission on the allegations against him.

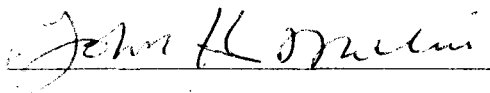

³ Said training course for blasters is in addition to any annual refresher training or other safety training that Mullins is legally required to take.

⁴ In the event that Mullins' conventional shot firer's certificate is suspended, he shall immediately surrender said certificate to OMSL. If he subsequently passes the examination, his certificate will be immediately returned to him.

Mullins by the Commission - regarding a separate alleged offense - will be deemed a "subsequent offense" as defined at 805 KAR 8:010, Section 1 (13).

Mullins states that he has carefully read this Settlement Agreement (or that the Settlement Agreement has been read to him), that he has carefully considered the Agreement prior to signing it, and that he understands and agrees to its terms and provisions.

OMSL and Mullins acknowledge and agree that there are no other promises, inducements, representations, or agreements in connection with this Settlement Agreement other than those expressly set forth in writing herein.
